

UNIVERSKIN

dermatologie fonctionnelle™

FUNCTIONAL DERMATOLOGY SKINCARE

Medical-grade skincare. Personalised just for you.

Universkin™ is a French pharmaceutical company, founded in 2006 and based in Sophia Antipolis, France. We are a team of scientists consisting of dermatologists, plastic surgeons, biologists, pathologists, chemists and pharmacists. Our cosmetic solutions are now available in dermatology, plastic surgery, and medical aesthetics clinics in more than 30 countries worldwide.

At Universkin™, we believe that the skin reflects the state of physical health. For us, being comfortable in your own skin starts by not having to think about it as you go about your day. Our goal is to give everyone access to dermatologically based skincare, so you can experience the personal confidence that comes with a healthy, smooth, even-toned complexion. Our mission is to actively innovate to make your skin better.

Imagine Universkin™ as a classy, bespoke cocktail – you define what you want from your skincare, then a clinical staff member identifies your needs by drawing on his experience and expertise, thus creating a unique combination of active ingredients, just for you.

Le Sérum Super Duo

Universkin™ Le Sérum SUPER DUO is a multi-purpose soothing serum, an intelligent combination optimized to assist with epidermal regeneration and repair. With a patented formula, the Universkin™ Le Sérum SUPER DUO delivers amidst its milky and light texture, the high-quality ingredients in perfect harmony with the skin:

- Camelina oil, the perfect ingredient to allow the skin* to produce natural anti-inflammatory compounds, the Omega-3**
- Biomimetic peptides complex P developed by Universkin™ containing a unique combination of 4 peptides, that are biological messengers for the physiological balance of the skin*
- Hyaluronic acid optimized to maintain the proper functioning of the Extra Cellular Matrix

It is also the high-tech vector to integrate pure active ingredients at concentrations as decided by your practitioner in respect of the regulatory framework. The newly developed viscosity and safety evaluation*** make it adapted to the Universkin™ S.TEP procedure.

Tested under dermatological control • Vegan • Not tested on animals • Dye free • Paraben free •
Phenoxyethanol free • Nano free • Silicone free

CONTENT
30 ml

Contains: Omega-3**, Vitamin E in Camelina oil, Hyaluronic acid, Acetyl tripeptide-1, Acetyl hexapeptide-1, Acetyl tetrapeptide-2 & Trifluoroacetyl tripeptide-2

Use daily after cleansing with L'Huile and before applying nexultra™ cream or make-up.
Press the applicator. Apply 4 drops each time – using light circular motions from the area of application.

*superficial skin layers

**Omega-3 (EPA/DHA) from camelina sativa is biotransformed within the skin

***In vitro standard evaluation of non-pyrogenicity of a serum

Le Sérum Target Zone

Universkin™ Le Sérum TARGET ZONE is a multi-purpose soothing serum developed and tested for the sensitive area of the eye contour. With its patented formula, Universkin™ Le Sérum TARGET ZONE delivers great efficiency through its milky, nude, and light texture, our intelligent combination in perfect harmony with your skin:

- Camelina oil, the perfect ingredient to allow the skin* to produce natural anti-inflammatory compounds, the Omega-3**
- Biomimetic peptides complex P developed by Universkin™ containing a unique combination of 4 peptides, that are biological messengers for the physiological balance of the skin*
- Hyaluronic acid optimized to maintain the proper functioning of the Extra Cellular Matrix

It is also a high-tech vector to integrate pure active ingredients at concentrations as decided by your practitioner, in compliance with regulatory standards. The newly developed viscosity and safety evaluation*** makes it adapted to Universkin™ S.TEP procedure.

Tested under dermatological control • Vegan • Not tested on animals • Dye free • Paraben free •
Phenoxyethanol free • Nano free • Silicone free

Contains: Omega-3**, Vitamin E in Camelina oil, Hyaluronic acid, Acetyl tripeptide-1, Acetyl hexapeptide-1, Acetyl tetrapeptide-2 & Trifluoroacetyl tripeptide-2

Use daily after cleansing with L'Huile and before applying nexultra™ moisturizer or make-up. Press the applicator. Apply a drop on the tip of your finger and proceed by tapping lightly from the inside corner to the outer corner of the eye. Gently smooth the eyelid always from the inside to the outside of the eye

* dermatologischer HRIPT-Test (100 Freiwillige)

TREAT

PERSONALIZATION – ACTIVE INGREDIENTS

Based on years of research, the medical team of universkin™ has meticulously selected 21 active ingredients based on their efficacy and tolerance.

To create your custom serum formula:

1. The first step consists of analyzing your skin using either a simple and quick questionnaire or a photo of your face. 8 parameters are analyzed within seconds using proprietary AI algorithms. The results, translated into eight colors, provide a clear and precise overview of your skin's overall quality.

2. The practitioner then selects the most appropriate active ingredients, out of 21, for your profile and creates your customized formula, just for you. Ready in just one minute, your serum is fresh and perfectly effective for the duration of its use.

Universkin™ Le Serum can integrate up to 3 pure active ingredients. Your practitioner will choose the right active ingredients for you and in less than 1 minute your skincare formula will be done for you, just in front of you. This method avoids the use of multiple chemical preservatives. Thus, even the fragile actives – freshly integrated in the emulsion base – deliver their best efficacy. Your formula will be fine-tuned over time to match your lifestyle, age, skin condition, seasonal and environmental aggressions.

GET RESULTS ONE S.TEP FASTER

universkin™ s.step Personalised beautification tool
Minimally invasive, proven and no downtime

The first fully personalized in-clinic cosmetic treatment by Universkin. Universkin s.step beautification professional tool aimed to improve skin quality and luminosity through exfoliation of the superficial layers of the skin. Patients see visible skin improvement from the very first session*.

**WE DO WHAT'S RIGHT FOR YOUR SKIN,
AND YOUR SKIN ONLY.**

UNIVERSAL OLIVE OIL CLEANSER L'Huile

Soothes, purifies, cleanses, removes make-up

L'Huile (The Oil) is a multi-purpose cleansing and soothing oil. Composed of 67% organic olive oil that contains anti-inflammatory, antioxidant, and moisturizing properties. It gently and thoroughly cleanses the skin while restoring its hydrolipidic film.

The unique formulation includes CO₂ extracts of rosemary to purify the skin and chamomile to soothe it. Moreover, the patented combination of Omega-3* from camelina oil and biomimetic peptides offers protection against chronic inflammation.

After being applied and massaged on dry skin, L'Huile can turn into a light cleansing emulsion when in contact with a little water. It's ideal for removing makeup without damaging the skin. It can be applied to the face, eye area, hair, and scalp and suitable for all skin types.

Vegan • Cruelty-free • No fragrance • No Nano • No Silicons • No Alcohol denat

AVAILABLE IN TWO SIZES

100 ml

200 ml

Contains: *Organic Olea Europea (olive) fruit oil, Acetyl tripeptide-1, Omega-3* camelina oil, Rosmarinus Officinalis (Rosemary) leaf extract*

Face: First dispense into dry hands and gently massage onto dry face, then add a few drops of water to emulsify, using just your hands. Rinse thoroughly with lukewarm water.

Eyes: Moisten a cotton pad with lukewarm water before dispensing oil onto it. Gently remove make-up.

Hair/scalp: Massage into scalp before shampooing.

*Omega-3 (EPA/DHA) from camelina sativa is biotransformed within the skin

PEPTIDE SERUM MIST Universkin™ M

All skin types, including those with an atopic tendency. Post-act and daily usage.

A serum-mist that instantly hydrates the skin, helps to soothe redness and itching, protects and rebalances the microbiome to preserve the skin barrier. Enriched with our exclusive biomimetic peptide complex P and our new microbiome regulating complex U, Universkin M provides immediate comfort to the skin and contributes to its healthy, youthful appearance. In addition, a unique CO_2 extract of sichuan pepper, a sensory modulator, can help to instantly reduce irritation and relieve itchy skin.

Suitable for face and body use, Universkin M is also your go-to solution for maintaining glowing, comfortable skin after sun exposure.

Fragrance free • Nano free • Propellant free • Ethanol free • Volatile silicone free • Vegan • Not tested on animals

CONTENT
150 ml

Contains: Tripeptide-1, Acetyl Hexapeptide-1, Acetyl Tetrapeptide-2, Trifluoroacetyl Tripeptide-2, *Helichrysum Italicum* Flower Water

Shake and spray a few pumps 15-20 cm from the face on dry skin after cleansing the skin, before the serum and cream. Can be applied throughout the day as needed to soothe the skin. Can be used over make-up (this is not a primer, avoid spray over loose powders).
No need to massage or spread, which avoids the risk of contamination with hands.

MULTIPEPTIDE INFLAMMAGING CREAM Nexultra™ P Light and Rich

New generation of multi-peptides face cream in two textures for all skin types.

With the highest effectiveness and tolerance, this functional skin care cream Nexultra P is highly concentrated in peptides with a patented biomimetic peptide complex P by Universkin™. These peptides are synthetic molecules naturally present in the skin and composed of natural amino acids. They stimulate the cells, triggering the skin's natural repair and renewal processes.

Around the peptides, Camelina oil, rich in omega-3* fatty acids and antioxidant properties vitamin E, offers protection against chronic inflammation, responsible for premature skin aging and many skin dysfunctions.

Available in two textures: Nexultra P light is suitable for normal to combination or oily skin, for skin with imperfections, and for fragile or stressed skin. Nexultra P rich is suitable for normal to dry skin, mature and dehydrated skin, and fragile and aggressed skin.

Vegan • Cruelty-free • Fragrance-free • No Nano • No Alcohol denat

Contains: Omega-3*, Vitamin E in Camelina oil, Acetyl tripeptide-1, Acetyl hexapeptide-1, Acetyl tetrapeptide-2 & Trifluoroacetyl tripeptide-2

Press the dosing pump 2 or 3 times to obtain a sufficient dose of product for the face. Apply all over the face and massage in with light circular massages from the application area until completely absorbed.

*Omega-3 (EPA/DHA) from camelina sativa is biotransformed within the skin

UNIVERSAL HYDRATING BOOSTER SERUM

Le Sérum Hyaluronique

A supercharged hyaluronic shot. Plumps, moisturizes, and replenishes the skin

Le Sérum Hyaluronique (The Hyaluronic Serum) is a unique combination of hyaluronic acid, organic silica + L-rhamnose, and a biomimetic peptide in a minimalist formula triggering 3 actions. It strengthens the skin* barrier and promotes hydration thanks to a combination of 2 different molecular weights of hyaluronic acid. It also stimulates the synthesis of collagen fibers and firmness proteins through the synergistic action of organic silica and L-rhamnose. Finally, it protects hyaluronic acid and the firmness proteins already present in the skin via a specific biomimetic peptide that prevents its degradation.

Suitable for all skin types.

Vegan • Cruelty-free • Fragrance-free • No Nano • No Silicones • No Alcohol denat

CONTENT
30ml

Contains: Hyaluronic Acid 1.4%, organic silica + L-rhamnose 10%, *Trifluoroacetyl tripeptide-2*

Apply every day 2 to 3 drops on the face, the eye and lips contours, the neck and the décolletage. To be applied after Universkin™ Le Serum and before your moisturizing cream.

*superficial layers of the epidermis

POST-TREATMENT REPAIR BALM Le Baume

Advanced skin rebalancing anhydrous balm
Helps to restore the skin's natural defenses and skin barrier

Le Baume (The Balm) is a multifunctional soothing balm, a patented combination of biomimetic peptides and Omega-3**, optimized to help to alleviate inflammation, regenerate the skin*, and restore the hydrolipidic film. Tested under dermatological control, free of fragrance and preservatives.

Suitable for: adults, children, pregnant and breastfeeding women.

Vegan • Cruelty-free • No fragrance • No Nano • No Silicones • No Alcohol denat

AVAILABLE IN TWO SIZES

30 ml

Contains: Acetyl tripeptide-1, Omega-3**

Apply Le Baume on the damaged area and gently massage to facilitate. Reapply as often as necessary and as long as redness and irritation persists.

100 ml

*superficial layers of the epidermis

**Omega-3 (EPA/DHA) from camellia sativa is biotransformed within the skin

POST-TREATMENT SUN PROTECTION La Crème Solaire

*A dual-function post-treatment cream
Soothes and protects with SPF50+*

La Crème Solaire (The Sun Cream) is a 100% mineral SPF50+ sunscreen with 20% zinc oxide for broad-spectrum UVA/UVB protection. Enriched with niacinamide and hyaluronic acid, it calms, hydrates, and supports skin balance. Free from fragrance and mineral oil, it suits all skin types, including sensitized and post-treatment skin.

Vegan • Cruelty-free • No fragrance • No Silicones • No Alcohol denat

CONTENT
30ml

Contains: 20% Zinc Oxide, 3% Niacinamide, 1% Tocopherol Acetate (Vitamin E), 0.1% Hyaluronic acid

*Apply before any exposure. Reapply every 2 hours. Apply before make-up.
Warm up in your hands a generous amount of the cream to cover exposed areas (face, neck, décolletage, and back of hands)*

PROTECT

TINTED MINERAL SERUM SUNSCREEN Le Sérum Solaire

Full mineral filters (Zinc Oxide & Titanium Dioxide) SPF50+
Nourishes, repairs, and rejuvenates the skin* with an ultra-light 'eau de teint' texture

Le Sérum Solaire (The Serum Sunscreen) is a lightweight mineral serum with a universal glow tone. It delivers broad-spectrum SPF50+ protection against both UVA/UVB, infrared (IR), and blue light. Enriched with a proprietary blend of growth factors, biomimetic peptides, and camelina oil, it helps rebalance skin, soothe inflammation, and support skin's natural repair mechanisms.

Suitable for all skin types, it blends seamlessly with your makeup and leaves the complexion looking radiant and even.

Vegan • Cruelty-free • No fragrance • No Nano • No Silicons • No Alcohol denat

Contains: 24% Zinc Oxide, 7% Titanium Dioxide, Acetyl tripeptide-1, Acetyl hexapeptide-1, Acetyl tetrapeptide-2 & Trifluoroacetyl tripeptide-2, Omega-3* camelina oil

CONTENT
30ml

Shake well before use. Apply generously before sun exposure and reapply every two hours. Use before applying makeup.
To apply, unscrew the pipette tip, gently pinch to release the product, and apply liberally to exposed areas such as the face, neck, décolleté, and the back of the hand.

*superficial layers of the epidermis

PROTECT

MATTIFYING MINERAL POWDER SUNSCREEN La Poudre Solaire

*Innovative mineral powder sunscreen with a washable kabuki brush
Shields from UVA/UVB and helps restore and optimize the skin's natural functions*

La Poudre Solaire (The Powder Sunscreen) combines broad-spectrum UVA/UVB protection with a very high SPF, helping shield the skin from UV-induced damage such as premature aging, uneven tone, redness, and dehydration. Formulated with 100% mineral filters — zinc oxide and titanium dioxide — and enriched with biomimetic peptides, this innovative powder not only provides effective protection but also helps support the skin's natural barrier functions.

Its innovative mineral formula, enriched with biomimetic peptides, not only protects but also helps support the skin's natural barrier functions. The lightweight powder blends seamlessly for a flawless, even finish and can be effortlessly reapplied over makeup throughout the day.

Accompanied by a washable, reusable brush, it ensures easy application and sustainable use. Suitable for all skin types, it leaves the skin with a soft, matte, and naturally radiant touch.

Vegan • Cruelty-free • No Nano • No fragrance • No Silicones • No Alcohol denat

Contains: 22% Titanium Dioxide, 5% Zinc Oxide, Acetyl hexapeptide-1

CONTENT
14g

During first use, unscrew the brush and remove the protective label from the sieve. Screw the brush and shake the powder tray lightly to release the powder. Unscrew the brush, collect the powder in the powder tray with the brush and remove excess powder if necessary. Always apply after a cream. Apply the powder by gently tapping the brush on the skin before finishing in circular motions for a perfectly homogeneous application. Close well after use.
